

# Hosted Microsoft Office 365

*An integrated solution delivering the power of cloud productivity tools, security and device management to help save time, money, and resources.*

## The Perks

### Achieve More Together

Create, connect, and collaborate with people, inside and outside of your company. Store, sync, and share files so that they are always up-to-date.

### Cloud-based Backups

Our Cloud Protect service unlinks critical information from the user and application environment, and hands control back to the company.

### Anywhere It Matters

Office 365 is ready wherever you may be. Enable your people to be productive anywhere, on their favorite devices or from any browser.

### Simplified for Business

With a subscription model, you can buy Office 365 for all users or just a few. It's quick and easy to deploy so you can focus on your business.

## Microsoft Office 365 *Business Premium*

### Comes With Office

 Stay up-to-date with the latest versions of Word, Excel, PowerPoint, and more.

### File Storage

 Manage your files from anywhere with OneDrive's 1 TB of storage.

### Email & Calendar

 Connect with customers and coworkers using Outlook and SharePoint.

### Administration & Deployment

 Manage new PCs and devices faster and more easily than ever.

## Microsoft Office 365 *Business Essentials*

*A lighter weight version of Office 365, ideal for field personnel*

Business-class email and calendar with the familiar Outlook experience accessible by PC or web browser

Easily share documents and control who can see and edit each file with OneDrive's 1 TB of personal cloud storage

Create and edit Word, OneNote, PowerPoint, and Excel documents from a browser
